# Erratum to "Semantic Unsupervised Change Detection of Natural Land Cover With Multitemporal Object-Based Analysis on SAR Images"

Donato Amitrano, Raffaella Guida, *Member, IEEE*, and Pasquale Iervolino, *Member, IEEE*

IN THE above article [1], the author affiliations were incorrectly listed. The correct affiliations are as follows:

Donato Amitrano and Raffaella Guida are with the Surrey Space Centre, University of Surrey, Guildford GU2 7XH, U.K. (e-mail: donato.amitrano@gmail.com; r.guida@surrey.ac.uk).

Pasquale Iervolino is with Airbus Defense and Space, Guildford GU2 7AG, U.K. (e-mail: pasquale.iervolino@airbus.com).

The character $w$ was not properly defined as used in (1). The full equation with explanation is as follows:

The texture channel (blue band) is represented by the data range, which is defined as follows [13]:

$$d_{\mathrm{r}} = \max i_w - \min i_w, \quad d_{\mathrm{r}} \in [0, 255] \tag{1}$$

where $i_w$ is the intensity of the generic pixel falling in a window $w$ sliding on the test image.

References [66] and [69] were partial duplicates of each other and [69] should have been removed. Refer to [66] for the full correct citation details, both when cited in the text and in the reference list.

The publisher regrets the errors.
